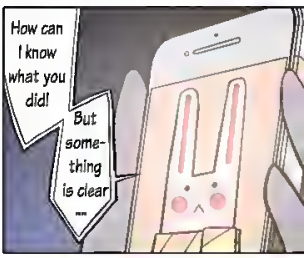
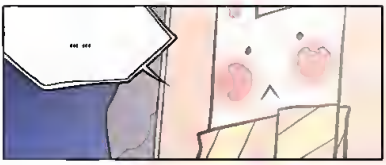
HEY! YOU KNOW SOME-THING?
What do you mean?
WHY CAN'T I CATCH THAT OCTOPUS?



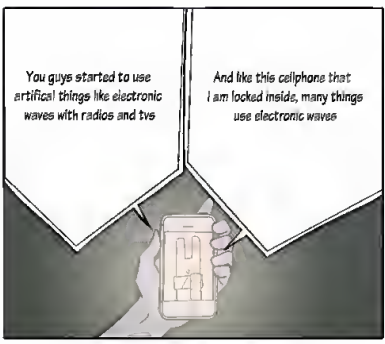
How can I know what you did!
But some-thing is clear ...

That child.
She has been polluted.

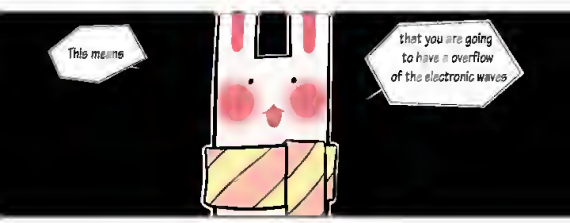
POLLUTED?



... ...

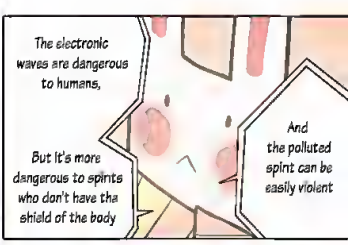


You guys started to use artifical things like electronic waves with radios and tvs
And like this cellphone that I am locked inside, many things use electronic waves



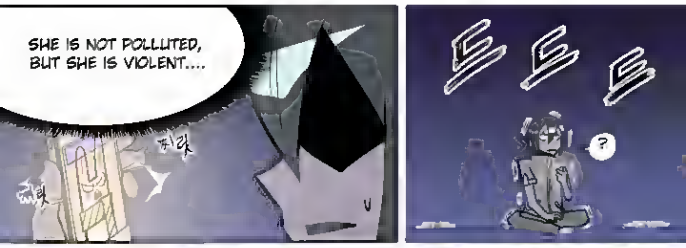
This means
that you are going to have a overflow of the electronic waves

ELEC-TRONIC WAVES...
POLLU-TION....
That's right



The electronic waves are dangerous to humans,
But it's more dangerous to spirits who don't have tha shield of the body
And the polluted spirit can be easily violent

BUT YOU ARE FINE!
How dare you to compara me with that young evil spirit!



SHE IS NOT POLLUTED, BUT SHE IS VIOLENT....

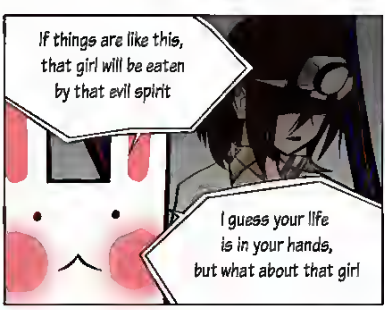
WHAT IS DIFFERENT THAN THAT YOU WANT ME TO BECOME A SHAMAN!
Is that the problem now?



If things are like this, that girl will be eaten by that evil spirit
I guess your life is in your hands, but what about that girl
